Description:

Recording of the 8/19/2021 NASA SBIR/STTR Infusion & Commercialization – Part 1 webinar; accompanying PDF of answers to key questions not answered live. Through a short presentation and question & answer session with NASA experts, attendees learned about some of the different resources provided by the program to support infusion into a NASA mission and/or commercialization in the marketplace. Topics covered included how to prepare for Phase II, the Technical and Business Assistance (TABAs) program, commercialization plan requirements, success stories, and more
